

# Pamela Brazier

VP Business Development Europe  
Everland Ilc

## Moderator for Save-The Forest Symposium

### Biography

Ms Brazier is Vice President of European Business Development for Wildlife Works and leads its corporate department aiming to help clients achieve their sustainability (emission reduction) and CSR goals. Clients offset their unavoidable emissions with Verified Emission Reductions (VERs) with the help of projects Everland represents.

Ms Brazier works closely with clients and projects, witnessing first-hand the life-changing impact that carbon finance has on rural communities in Africa. Ms Brazier believes in the transformational power of sustainable business and understands what companies need to communicate to gain value from their sustainability and CSR agenda.

Ms Brazier also worked for BNP Paribas in London with the Global Commodity Derivatives team managing marketing and communications. She has a dual-qualifying English law and French law degree from Exeter University, a Masters qualification in EU law from Université de Rennes 1's Jean Monnet Centre of Excellence and an MBA in International Management from ESCP Europe Business School.
