

# Sir Graham Wynne

Special Adviser, Prince of Wales Sustainability Unit

## Why Forests Matter

### Abstract

The title of Sir Graham Wynne's says it all. "Why Forests Matter".

### Biography

Graham is currently a Senior Advisor to the Prince of Wales' International Sustainability Unit (ISU), working predominantly on forests, land use and climate change. He is also a member of the UK Climate Change Adaptation Committee and on the board of several environmental charities. He has been chairman of a rainforest foundation in Indonesia.

Graham was previously CEO of the Royal Society for the Protection of Birds (RSPB), the UK's largest nature conservation organisation, and before that was an urban planner working on economic development and inner-city regeneration.
